## **Proposal**

**About us** : MS Creations Hub is a 10 years plus Mumbai based Production and Event management company. We have conceptualized and managed many events in India and Abroad amongst them were Singapore, Dubai and Maldives festival. As a production house we have done many shoots in India and we are interested to join hands with the government to promote Tourism in India.

India is a growing country and India is beautified with the most heavenly places on Earth. We are blessed with the best Locations, food, culture and tradition with positive and rich thoughts. As a team we propose to join hand to promote and develop tourism in India.

Promotion and Branding a is very easy mode in today's world with the help of social media, but there are many things more which can be done to enhance Tourism and build up more revenue for the localities. We can also help in building up

1. more jobs for the local people.
2. promote more and more locations and increase movie shoots.
3. Promote art and culture through events.
4. Promote local food so that tourist enjoy the taste and know about the local taste
5. Easy booking for Hotels and local travel.
6. Local business, agricultural products sale development
7. International tourist development

To present more about the above we are seeking a meeting so that we can discuss briefly on the same.

Waiting for a positive reply.

Yours Humbly

Subodh A. Kha
